NEW!

IP65 rated EMI/RFI Filter

Power Dynamics HGN-365A series waterproof EMI/RFI filters are made of rugged materials that meet or exceed requirements for wet environments

IP65 Rated available in 1, 2, 4, 6 & 10 Amp current ratings.

Single, dual fuse and medical versions are available.

Some common applications are industrial & environmental peripherals and medical equipment.

**Crosses to Schurter
5707 series**

Contact Power Dynamics for detailed specifications.

Pin & Sleeve for Wire Harnesses

Pin & Sleeve wire harness

Power Dynamics is having great success with the Pin & Sleeve plugs/connectors at cable assembly / wire harness assemblers.

Applications

These assemblies can be used for many types of OEM applications like PDU's (power distribution), industrial equipment, floor polishers, portable power, portable generators, data centers & stage lighting to name a few.

Please contact your local wire/cable assembly house for potential Pin & Sleeve opportunities.
