Pin & Sleeve IEC 60309

Power Dynamics has the industries largest selection of IEC60309 connectors also known as Pin & Sleeve. Our selection includes Waterproof IP67 & and Watertight IP44 versions in addition to back boxes and multi-function mechanical interlocks for domestic & international usage.

Ratings from **20A to 100A** are readily available.

Applications include PDU's (power distribution), industrial equipment, food equipment, portable power & generators, data centers & stage lighting.

Crosses to Hubbell, Leviton, Mennekes, Pass & Seymour

Waterproof Connectors

Power Dynamics waterproof connectors are made of rugged materials that meet or exceed requirements for harsh and wet environments

Insulators are made of PBT thermoplastic with a glass filled PBT watertight frame and silicone "O" rings.

A wide selection of **waterproof Data Jacks, USB, D-subs and plugs** are available.

Some common applications are barcode scanners, industrial & environmental peripherals, medical, and surveillance systems.

Specifications are available online at www.powerdynamics.com
