Harsh Environment Connectors

Power Dynamics harsh environment connectors are made of rugged materials that meet or exceed requirements for harsh and wet environments including IP65, IP67, IP68 & IP69K

Specifications are available online at
www.powerdynamics.com

A wide selection of **waterproof Data Jacks, EMI/RFI filter, USB, D-sub and cable plugs & receptacles** are available.

Some common applications are barcode scanners, industrial & environmental peripherals, medical, and surveillance systems.

EMI/RFI Filters

Power Dynamics has the industries largest selection of standard and medical grade EMI/RFI filters. Our selection includes panel & snap-in versions in addition to multi-function modules, 2 stage and 3 phase and IP65 water resistant options, all for domestic & international builds.

Call our expert Engineering department to help guide you to the correct filter selection.
