

Power Dynamics, Inc.

IEC 60320 Inlets, Outlets & Multi-function Power Entry Modules

Power Dynamics, Inc. has the industries largest selection of single & multi-function power entry inlets and outlets. Options include on/off switches, fuses and voltage selectors for international builds, all in a compact design with current capabilities up to 20 Amps!

Strong cord retention and rugged body for standard, industrial, & medical uses.

Crosses to most competitors!

Applications include power strips, PDU (power distribution), portable power, medical and instrumentation.

Costs Increasing?

Send your connector and power cord crosses to Power Dynamics, Inc. for potential cost and lead time reductions. Let our Engineering department do the work for you.

E-mail all inquiries to your [Local Representative](#) or to [Dan Ortiz](#) at PDI.

Please include quantity and cross part number or detailed specification.

PDI Points of Interest

- **Customer Service Contact**
 - Please contact Dan for all incoming sales and engineering inquiries.
 - (973) 560-0019 x225, dortiz@powerdynamics.com
- **Regional Sales Contacts**
 - West - [Dave Budge](#), Direct (949) 533-4339
 - North & East - [Sales](#), Direct (973) 560-0019
 - South East - Contact [Sales](#) (973) 560-0019

- When online, Click [eTasks](#) for real -time inventory, pricing and order status
- Warehouses in NJ & CA for shorter delivery times
