NEW!

Lighting Retrofit Socket Adapter

Patent Pending

Power Dynamics patent pending lighting retrofit adapter eliminates the wire and connector from the adaptor. Just connect direct from the lighting fixture to the adaptor. Socket size E26

Mates for PDI PD-CN-011 or Ideal 182 connectors.

Used in most fluorescent and LED retro fit kits.

Design-in now with your lighting OEM's.

DESIGN REGISTERABLE!

EMI/RFI Filters

Power Dynamics has the industries largest selection of EMI/RFI filters. Our selection includes panel & snap-in versions in addition to multi-function modules, 2 stage and 3 phase options, all for domestic & international builds. Call our expert Engineering department to help guide you to the correct filter

IN STOCK!
